A registered derivatives clearing organization must comply with the submission requirements of this section prior to accepting for clearing a product that is not traded on a registered entity and has not been approved for clearing under § 40.5 of this chapter or that remains dormant subsequent to being submitted under this section or approved under § 40.5 of this chapter. A submission shall comply with the following conditions:

(1) The registered entity has filed its submission electronically in a format specified by the Secretary of the Commission with the Secretary of the Commission at *submissions@cftc.gov*, the relevant branch chief at the regional office having local jurisdiction over the registered entity, and, for filings submitted by a designated contract market or registered derivatives transaction execution facility, the Division of Market Oversight at *DMOSubmissions@cftc.gov*;

(2) The Commission has received the submission at its headquarters by the open of business on the business day preceding the product's listing or acceptance for clearing; and

(3) The submission includes:

(i) A copy of the submission cover sheet in accordance with the instructions in appendix D to this part;

(ii) A copy of the product's rules, including all rules related to its terms and conditions, or the rules establishing the terms and conditions of the listed product that make it acceptable for clearing;

(b) A registered entity shall provide, if requested by Commission staff, additional evidence, information or data relating to whether the contract meets, initially or on a continuing basis, any of the requirements of the Act or Commission regulations or policies thereunder which may be beneficial to the Commission in conducting a due diligence assessment of the product and the entity's compliance with these requirements.

EFFECTIVE DATE NOTE: At 74 FR 12202, Mar. 23, 2009, § 40.2 was amended by removing the term "registered entity" and adding "designated contract market, derivatives transaction execution facility or derivatives clearing organization" in its place in paragraph (a) introductory text; removing the term "registered entity" and adding "designated contract market or derivatives transaction execution facility" in its place in paragraphs (a)(1) and (a)(3)(iv); and revising paragraph (b) effective Apr. 22, 2009. (b) A registered entity shall provide, if requested by Commission staff, additional evidence, information or data relating to whether any contract meets, initially or on a continuing basis, any of the requirements of the Act or Commission rules or policies thereunder which may be beneficial to the Commission in conducting a due diligence assessment of the product and the entity's compliance with these requirements.

**§ 40.3 Voluntary submission of new products for Commission review and approval.**

(a) *Request for approval.* Pursuant to Section 5c(c) of the Act and §§37.7 and 38.4 of this chapter, a designated contract market or registered derivatives transaction execution facility may request that the Commission approve a new or dormant product prior to listing the product for trading, or if initially submitted under §40.2 of this chapter, subsequent to listing the product for trading. A submission requesting approval shall:

(1) Be filed electronically with the Secretary of the Commission and at the regional office of the Commission having local jurisdiction over the submitting registered entity in a format specified by the Secretary of the Commission;

(2) Include a copy of the submission cover sheet in accordance with the instructions in appendix D to this part;

(3) Include a copy of the rules that set forth the contract's terms and conditions;

(4) Comply with the requirements of appendix A to this part—Guideline No. 1. To demonstrate compliance, the submission shall include:

(i) An explanation, if not self-evident from the rules, as to how the specific terms and conditions satisfy the acceptable practices set forth in Guideline No. 1, appendix A to part 40. This information may be provided in narrative form or by completion of the applicable chart.

(ii) For physical delivery contracts, an explanation as to how the terms and conditions as a whole will result in a deliverable supply such that the contract will not be conducive to price manipulation or distortion and that the deliverable supply reasonably can be expected to be available to short traders and salable by long traders at its market value in normal cash marketing channels.

(iii) For cash settled contracts, an explanation as to how the cash settlement of the contract is at a price reflecting the underlying cash market, will not be subject to manipulation or distortion, and is based on a cash price series that is reliable, acceptable, publicly available and timely.

(iv)(A) A brief description of the cash market for the commodity, instrument, index or interest that underlies the contract. The description may include materials prepared by the designated contract market or registered derivatives transaction execution facility, existing studies by industry trade groups, academics, governmental bodies or other entities, reports of consultants, or other materials, which provide a description of the underlying cash market.

(B) The cash market description may, however, be confined only to those aspects relevant to particular term(s) or condition(s) that differ from an existing contract, where a contract based on the same, or a closely related, commodity is already listed for trading and is not dormant.

(5) Describe any agreements or contracts entered into with other parties that enable the designated contract market or derivatives transaction execution facility to carry out its responsibilities.

(6) Include the certifications required in §41.22 for product approval of a commodity that is a security future or a security futures product as defined in Sections 1a(31) or 1a(32) of the Act, respectively;

(7) Identify with particularity information in the submission (except for the product's terms and conditions which are made publicly available at the time of submission) that will be subject to a request for confidential treatment and support that request for confidential treatment with reasonable justification;

(8) Include the filing fee required under appendix B to this part; and

(9) Include, if requested by Commission staff, additional evidence, information or data relating to whether the contract meets, initially or on a continuing basis, any of the specific requirements of the Act, or any other requirement for designation under the Act or Commission regulations or policies thereunder.

(b) *Forty-five day review.* All products submitted for Commission approval under this paragraph shall be deemed approved by the Commission forty-five days after receipt by the Commission, or at the conclusion of such extended

## § 40.4

period as provided under paragraph (c) of this section, unless notified otherwise within the applicable period, if:

(1) The submission complies with the requirements of paragraph (a) of this section; and

(2) The submitting entity does not amend the terms or conditions of the product or supplement the request for approval, except as requested by the Commission or for correction of typographical errors, renumbering or other such nonsubstantive revisions, during that period. Any voluntary, substantive amendment by the submitting entity will be treated as a new submission under this section.

(c) *Extension of time.* The Commission may extend the forty-five day review period in paragraph (b) of this section for:

(1) An additional forty-five days, if the product raises novel or complex issues that require additional time for review or is of major economic significance, in which case, the Commission would notify the submitting registered entity within the initial forty-five day review period and would briefly describe the nature of the specific issues for which additional time for review would be required; or

(2) Such extended period as the submitting registered entity so instructs the Commission in writing.

(d) *Notice of non-approval.* The Commission at any time during its review under this section may notify the submitting entity that it will not, or is unable to, approve the product or instrument. This notification will briefly specify the nature of the issues raised and the specific provision of the Act or regulations, including the form or content requirements of paragraph (a) of this section, that the product would violate, appears to violate or the violation of which cannot be ascertained from the submission.

(e) *Effect of non-approval.* (1) Notification to a submitting entity under paragraph (d) of this section of the Commission's refusal to approve a product or instrument does not prejudice the entity from subsequently submitting a revised version of the product or instrument for Commission approval or from submitting the product or instrument

as initially proposed pursuant to a supplemented submission.

(2) Notification to a submitting registered entity under paragraph (d) of this section of the Commission's refusal to approve a product shall be presumptive evidence that the entity may not truthfully certify under § 40.2 that the same, or substantially the same, product does not violate the Act or regulations thereunder.

### **§ 40.4 Amendments to terms or conditions of enumerated agricultural contracts.**

(a) Notwithstanding the provisions of this part, a designated contract market must submit for Commission approval under the procedures of § 40.5, prior to its implementation, any rule or dormant rule that, for a delivery month having open interest, would materially change a term or condition, as defined in § 40.1(i), of a contract for future delivery in an agricultural commodity enumerated in Section 1a(4) of the Act, or of an option on such a contract or commodity.

(b) The following rules or rule amendments are not material changes and, except as provided in paragraph (b)(9) of this section, may be reported to the Commission pursuant to the provisions of § 40.6(c):

(1) Changes in trading hours;

(2) For each delivery location, changes in lists of approved delivery facilities and delivery service providers, including weighmasters and inspectors, pursuant to previously set standards or criteria;

## 17 CFR Ch. I (4–1–09 Edition)

(5) Changes required to comply with a binding order of a court of competent jurisdiction, or of a rule, regulation or order of the Commission or of another federal regulatory authority;

(6) Corrections of typographical errors, renumbering, periodic routine updates to identifying information about approved entities and other such non-substantive revisions of a product's terms and conditions that have no effect on the economic characteristics of the product;

(7) Fees or fee changes of less than \$1.00 per contract;

(8) Fees or fee changes that are \$1.00 or more per contract and are established by an independent third party or are unrelated to delivery, trading, clearing or dispute resolution; and

(i) The text of which has been submitted for review to the Secretary of the Commission electronically in a format specified by the Secretary of the Commission, at least ten business days prior to its implementation and that has been labeled “Non-Material Agricultural Rule Change;”

(ii) For which the registered entity has provided an explanation as to why it considers the rule “non-material,” and any other information that may be beneficial to the Commission in analyzing the merits of the entity’s claim of non-materiality; and

(iii) With respect to which the Commission has not notified the contract market during the review period that the rule appears to require or does require prior approval under this section.

[71 FR 1969, Jan. 12, 2006, as amended at 73 FR 8605, Feb. 14, 2008]

EFFECTIVE DATE NOTE: At 74 FR 12202, Mar. 23, 2009, § 40.4 was amended by removing the term “registered entity” and adding in its place the term “designated contract market” in paragraph (b)(9)(ii), effective Apr. 22, 2009.

### § 40.5 Voluntary submission of rules for Commission review and approval.

(a) *Request for approval of rules.* Pursuant to Section 5c(c) of the Act and §§ 37.7, 38.4 and 39.4 of this chapter, a registered entity may request that the Commission approve a new or dormant rule prior to implementation, or if ini-

tially submitted under §§ 40.2 or 40.6 of this chapter, subsequent to implementation. A submission requesting approval shall:

(1) Be filed electronically with the Secretary of the Commission and at the regional office of the Commission having local jurisdiction over the registered entity in a format specified by the Secretary of the Commission.

(2) Include a copy of the submission cover sheet in accordance with the instructions in appendix D to this part;

(3) Set forth the text of the proposed rule or rule amendment (in the case of a rule amendment, deletions and additions must be indicated);

(4) Describe the proposed effective date of a proposed rule and any action taken or anticipated to be taken to adopt the proposed rule by the registered entity or by its governing board or by any committee thereof, and cite the rules of the entity that authorize the adoption of the proposed rule;

(5) Explain the operation, purpose, and effect of the proposed rule, including, as applicable, a description of the anticipated benefits to market participants or others, any potential anti-competitive effects on market participants or others, how the rule fits into the registered entity’s framework of self-regulation, a demonstration that the submission complies with the requirements of appendix A to this part—Guideline No. 1, and any other information which may be beneficial to the Commission in analyzing the proposed rule. If a proposed rule affects, directly or indirectly, the application of any other rule of the submitting registered entity, set forth the pertinent text of any such rule and describe the anticipated effect;

(6) Briefly describe any substantive opposing views expressed to the registered entity by governing board or committee members, members of the entity or market participants with respect to the proposed rule that were not incorporated into the proposed rule;

(7) Identify any Commission regulation that the Commission may need to amend, or sections of the Act or Commission regulations that the Commission may need to interpret, in order to

approve the proposed rule. To the extent that such an amendment or interpretation is necessary to accommodate a proposed rule, the submission should include a reasoned analysis supporting the amendment to the Commission regulation or the interpretation;

(8) Identify with particularity information in the submission (except for a product's terms and conditions, which are made publicly available at the time of submission) that will be subject to a request for confidential treatment and support that request for confidential treatment with reasonable justification; and

(9) Include a copy of the submission cover sheet in accordance with the instructions in appendix D to this part.

(b) *Forty-five day review.* All rules submitted for Commission approval under paragraph (a) of this section shall be deemed approved by the Commission under section 5c(c) of the Act, forty-five days after receipt by the Commission, or at the conclusion of such extended period as provided under paragraph (c) of this section, unless notified otherwise within the applicable period, if:

(1) The submission complies with the requirements of paragraphs (a)(1)(i) through (vi) of this section, and

(2) The submitting entity does not amend the proposed rule or supplement the submission, except as requested by the Commission, during the pendency of the review period. Any amendment or supplementation not requested by the Commission will be treated as the submission of a new filing under this section.

(c) *Commencement and extension of time for review.* The Commission shall commence the review period in paragraph (b) of this section for a compliant submission under §40.4(b)(9) ten business days after its receipt and further may extend the review period in paragraph (b) of this section for any approval request for:

(1) An additional forty-five days, if the proposed rule raises novel or complex issues that require additional time for review or is of major economic significance, in which case, the Commission would notify the submitting registered entity within the initial forty-five day review period and would brief-

ly describe the nature of the specific issues for which additional time for review would be required; or

(2) Such additional period as the submitting entity has so instructed the Commission in writing.

(d) *Notice of non-approval.* The Commission at any time during its review under this section may notify the submitting entity that it will not, or is unable to, approve the proposed rule or rule amendment. This notification will briefly specify the nature of the issues raised and the specific provision of the Act or regulations, including the form or content requirements of this section, that the proposed rule would violate, appears to violate or the violation of which cannot be ascertained from the submission.

(e) *Effect of non-approval.* (1) Notification to a registered entity under paragraph (d) of this section of the Commission's refusal to approve a proposed rule or rule amendment of a registered entity does not prejudice the entity from subsequently submitting a revised version of the proposed rule or rule amendment for Commission approval or from submitting the rule or rule amendment as initially proposed pursuant to a supplemented submission.

(2) Notification to a registered entity under paragraph (d) of this section of the Commission's refusal to approve a proposed rule or rule amendment of a registered entity shall be presumptive evidence that the entity may not truthfully certify that the same, or substantially the same, proposed rule or rule amendment does not violate the Act or regulations thereunder.

(f) *Expedited approval.* Notwithstanding the provisions of paragraph (b) of this section, changes to terms and conditions of a product that are consistent with the Act and Commission regulations and with standards approved or established by the Commission in a written notification to the registered entity of the applicability of this paragraph (f) shall be deemed approved by the Commission at such time and under such conditions as the Commission shall specify in the notice, provided, however, that the Commission may, at any time, alter or revoke the

applicability of such a notice to any particular product.

(a) *Required certification.* Unless permitted otherwise by § 37.7 of this chapter, a registered entity must comply with the following conditions prior to the implementation of any rule that has not obtained Commission approval under § 40.5 of this chapter or that remains dormant subsequent to being submitted under this section or approved under § 40.5 of this chapter:

(1) The rule or rule amendment is not a rule or rule amendment of a designated contract market that materially changes a term or condition of a contract for future delivery of an agricultural commodity enumerated in section 1a(4) of the Act or an option on such a contract or commodity in a delivery month having open interest;

(2) The registered entity has filed its submission electronically in a format specified by the Secretary of the Commission with the Secretary of the Commission at [submissions@cftc.gov](mailto:submissions@cftc.gov), the relevant branch chief at the regional office having local jurisdiction over the registered entity, and, for filings submitted by a designated contract market or registered derivatives transaction execution facility, the Division of Market Oversight at [DMOSubmissions@cftc.gov](mailto:DMOSubmissions@cftc.gov), and the Commission has received the submission at its headquarters by the open of business on the business day preceding implementation of the rule; *provided, however,* rules or rule amendments implemented under procedures of the governing board to respond to an emergency as defined in § 40.1, shall, if practicable, be filed with the Commission prior to the implementation or, if not practicable, be filed with the Commission at the earliest possible time after implementation, but in no event more than twenty-four hours after implementation; and

(3) The rule submission includes:

(i) A copy of the submission cover sheet in accordance with the instructions in appendix D to this part (in the

case of a rule or rule amendment that responds to an emergency, “Emergency Rule Certification” should be noted in the Description section of the submission coversheet);

(ii) The text of the rule (in the case of a rule amendment, deletions and additions must be indicated);

(iii) The date of implementation;

(iv) A brief explanation of any substantive opposing views expressed to the registered entity by governing board or committee members, members of the entity or market participants, that were not incorporated into the rule; and

(v) A certification by the registered entity that the rule complies with the Act and regulations thereunder.

(4) The registered entity shall provide, if requested by Commission staff, additional evidence, information or data that may be beneficial to the Commission in conducting a due diligence assessment of the certification filing and the entity’s compliance with any of the requirements of the Act or Commission regulations or policies thereunder.

(b) *Stay.* The Commission may stay the effectiveness of a rule implemented pursuant to paragraph (a) of this section during the pendency of Commission proceedings for filing a false certification or to alter or amend the rule pursuant to section 8a(7) of the Act. The decision to stay the effectiveness of a rule in such circumstances shall not be delegable to any employee of the Commission.

(c) *Notification of rule amendments.* Notwithstanding the rule certification requirement of Section 5c(c)(1) of the Act, and paragraphs (a)(1), (a)(2) and (a)(3) of this section, a registered entity may place the following rules or rule amendments into effect without certification to the Commission if the following conditions are met:

(1) The registered entity provides to the Commission at least weekly a summary notice of all rule changes made effective pursuant to this paragraph during the preceding week. Such notice must be labeled “Weekly Notification of Rule Changes” and need not be filed for weeks during which no such actions have been taken. One copy of each such

submission shall be furnished electronically in a format specified by the Secretary of the Commission; and

(2) The rule governs:

(ii) *Delivery standards set by third parties.* Changes to grades or standards of commodities deliverable on a product that are established by an independent third party and that are incorporated by reference as product terms, provided that the grade or standard is not established, selected or calculated solely for use in connection with futures or option trading and such changes do not affect deliverable supplies or the pricing basis for the product;

(iii) *Index products.* Routine changes in the composition, computation, or method of selection of component entities of an index (other than routine changes to securities indexes to the extent that such changes are not described in paragraph (c)(3)(ii)(F) of this section) referenced and defined in the product's terms, that do not affect the pricing basis of the index, which are made by an independent third party whose business relates to the collection or dissemination of price information and which was not formed solely for the purpose of compiling an index for use in connection with a futures or option product;

(iv) *Option contract terms.* Changes to option contract rules, which may qualify for implementation without notice pursuant to paragraph (c)(3)(ii)(G) of this section, relating to the strike price listing procedures, strike price intervals, and the listing of strike prices on a discretionary basis;
